

# Dark But Lovely

Sarah Bedford

---

## Verse

**C** **F2**  
I can't understand, this work of grace  
**C** **F2**  
How a perfect God would come and take my place

## Pre-Chorus

**F2**  
The stars they don't move You  
**C/E**  
The waves can't undo You  
**D4**  
The mountains in their splendor  
**Dm**  
They cannot steal Your heart  
**F2** **C/E**  
This God who is holy, perfect in beauty  
**D4** **Dm**  
Awesome in glory is ravished by my heart

## Chorus

**F** **Am** **G** **C**  
Though I'm poor, You say I am lovely  
**F** **Am** **G** **C**  
Though I'm dark, You say I'm beautiful  
(repeat)

## Bridge

**F** **Am** **G** **C** **C/E**  
Somehow my weak glance has overwhelmed You  
**F** **Am** **G** **C**  
And somehow my weak love has stolen away Your heart
