

Without You

Audra Lynn

Verse:

Without You I have nothing; without You life is gone
Without You I have nothing but these broken words and lifeless melody
Lead me to this empty song

Chorus:

Will You be the words I sing, will You be my melody
Will You be the song that I sing, the life within me
Will You be my everything

Bridge:

You are the light that keeps me going
You are the reason that I sing
You are the only One found worthy, Jesus
And so my song shall be of You
