

Give In To Me

Words and Music by Laura Hackett

Vs.1

B **A** **B** **A**
I've watched you for awhile, you don't like to show how you feel inside

B **A** **B** **A**
I've watched you for awhile, you bottle up your emotions in your pride

G#m

Oh but it slips out in moments

F#m

And it slips out in your smile

G#m

It slips out in moments

F#m

And it slips out in your eyes

Pre-Chorus:

E **A**
And I don't care who you say you are
C#m **G#m** **F#m**
Cause I see the way that you look in my face

E **A**
Though you hide in your "mysteries"

C#m **G#m** **F#m**
I hear the way you call my name

Chorus:

E
So give into me
A
Just say yes to me

C#m

I just can't take it anymore

G#m **F#m**

You gotta be mine, be mine

Vs.2

I bought you I paid the price

I've called you out and I've claimed you as mine

But you keep running, running away from me

You keep hiding, hiding in shame from me
