

Fling Wide

Misty Edwards

Verse:

Awake, awake, O north wind
Awake, awake, O south wind; blow over me
Come, O winds of testing
Come, winds of refreshing; blow over me

Pre-chorus:

Let the winds blow, let the winds blow (7x)
Let the winds blow

Chorus:

Fling wide the door to my soul
Open up the door to my heart
Have your way, have your way
Have your way, yeah

Post-chorus:

I won't be afraid; I will face the wind
I won't be afraid; I'll embrace the flame

Bridge:

Take me through the fire, take me through the rain
Take me through the testing, I'll do anything
Test me, try me, prove me, refine me like the gold, like the gold
