

Gift of God

Justin Rizzo

Verse:

As for me I was dead in my transgressions
I was bound to my sin, and bound to condemnation
As for me I was an object of His wrath
And fully deserving of death, fully deserving of death

Pre-chorus:

But You saw me there, because of You great love
You saw me there, because You're rich in mercy

Chorus:

And You made me alive when I was dead
You raised me up and seated me with Christ
And it's by your grace that I am saved
And it's through faith; it's the very gift of God

Bridge:

Eternally I've been bought with blood
There will never be another sacrifice
