

Stay Close

Cory Asbury

Verse:

I want to be Your friend, one who will sit and hear Your words
I want to walk with You down this lonely, narrow road
But God, You know my weak estate; You know how I need Your hand of grace
To come and pull me up to where You are

Chorus:

I wanna stay close to the fire in Your eyes, to the burnings of Your heart
I don't wanna grow cold
So come and set Your seal of love upon my heart, love as strong as death
Till I'm forever Yours

I wanna be found in the council of the Lord, with a heart that's after Yours
I don't wanna grow cold
So come and set Your seal of love upon my heart, love as strong as death
Till I'm forever Yours

Bridge:

All-consuming Fire of love, come burn away what hinders love
Till I am only, only Yours, till I am only, till I am only Yours
