

# I Was Made for Love

Tim Reimherr

## **Verse 1:**

With this longing, You're drawing me so close  
With this hurting, You're burning up the dross  
I hear You, I feel You wanting me  
Waves crashing, deep calling unto deep

## **Chorus:**

I was made for love, I was made for bliss  
Come and take me up, fill me with Your kiss  
I was made for One, to cling to evermore  
(I was made for God, and You're all I'm longing for)     *(on repeat)*  
I was made for love     *(last time)*

## **Verse 2:**

I'm setting my eyes upon this prize  
I'm trading what's fading for eternal life

## **Bridge:**

I want to be everything You dreamed when You saw my frame  
I want to be everything You dreamed when You called my name

## **Tag:**

I was made for love, I was made for You
