

Outside

Luke Wood

Verse:

There's a lonely road that leads to brokenness
Bb Gm
It's the way to the high and holy place

If that's where You are, that's where I want to be
F Eb F
I'll follow Your fragrance outside the gate
Eb (Bb Gm)
Tell me, where do Your tears fall tonight

Pre-chorus:

Dm Gm Eb F
Lead me outside these city walls that I've built to keep myself safe
Dm Gm Eb F
Take me up the mountain of myrrh; as long as You're here I'll stay
Dm Gm Eb F
Tell me Your name again, but this time let wonder arise
Dm Gm Eb F
This is the safest place to be when the world starts falling

Chorus:

Bb F6/A Gm Eb
I want to cry with You when the world starts falling
Bb F6/A Gm Eb
I'll die with You when the world starts falling

Bridge:

Eb F
Don't let me stumble while Your heart is breaking
Gm Bb
Wake me up to feel what You feel

Eb F
Wake me up from the American dream
Gm Bb
I want to be with You, for better or worse
